RE: Marine Archaeological Data Recovery, former MGP Facility, Gloucester, MA
Special Use Permit 12-007, renewed

Dear Mr. Robinson:

This letter confirms the vote taken by the Massachusetts Board of Underwater Archaeological Resources on 4 December 2014 to grant renewal of Special Use Permit, No. 12-007, to David S. Robinson & Associates, Inc., for the marine archaeological investigation and archaeological data recovery of the former Gloucester Gas Light Company MGP Facility in Gloucester as detailed on the figures accompanying the application (Figure 1 and 2). The duration of this permit is one year from the date of issuance with its expiration date as 4 December 2015.

This permit is herein granted dependent upon David S. Robinson & Associates, Inc., compliance with the Board's Regulations (312 CMR 2.00). All work must be conducted in accordance with Board directives, standard conditions, and the further condition that the revised scope of services by submitted to the Board's staff for review and approval prior to commencing fieldwork. Activities allowed under this permit include remote sensing, archaeological site examination, and, subject to approval the scope of work by the Board's staff, undertaking necessary archaeological data recovery and documentation of these resources in the permit area. For projects subject to Section 106 of the National Historic Preservation Act of 1966, as amended (36 CFR 800), permittees are directed to consult with and provide their proposed research design and methodology to the State Historic Preservation Office/Massachusetts Historical Commission and the lead federal agency in accordance with 36 CFR 800.4, prior to conducting the field investigation. This permit does not relieve the permittee or any other person of the necessity of complying with all other federal, state and local statutes, regulations, by-laws and ordinances.

If you should have any questions or need further assistance, do not hesitate to contact the Board at the address above or by telephone at (617) 626-1141.

Sincerely,

A handwritten signature in black ink, appearing to read "Victor T. Mastone".
